

WE DARE YOU!

Hundreds of Fun Science Bets, Challenges, and Experiments You Can Do at Home

BY VICKI COBB AND KATHY DARLING

Would you believe that you can...

Throw an egg across the room without breaking it?

Burn a candle underwater?

Blow frozen soap bubbles?

Make fireworks with a lemon?

And much more!?!?

We Dare You! is a gigantic collection of irresistible, easy-to-do science experiments, tricks, bets, and games kids can do at home with ordinary household objects. Write with a potato! Boil water in a paper cup! Use Windex to reveal secret messages! Slice a banana without peeling it or using a knife! And the book is an invitation to become part of a giant video project. Kids are contributing their own science savvy and creativity to one-minute videos on Vicki Cobb's website: www.vickicobb.com. School participants via videoconferencing may purchase the book at a special price of: **\$10.00 per book** for orders of at least 10 books.

VICKI COBB has written more than eighty-five highly entertaining nonfiction books for children, including *Bet You Can't!*, which won the New York Academy of Sciences Children's Science Book Award.
